Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce rosults identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been torced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 19th 1859.

Prof. O. J. Wood & Co. Gents: The letter I wrote you in 1856, concerning your valuable. Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does my hair still continue to be a good order and of ontural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally frue is that the substance is wreshed on by frequent ablation of the face, when if our work asset by wiping the face, in clove connection with the whiskers, the same result will follow as the bair. I have been to the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much from in the manufacture and said of great number of leiters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sair of various compounds as well as this, it has no doubt been basely imitated and been used, not only without any good butto absolute injury. I have not used any of the Restorative of my second for some months, and you my hair is as good as ever, and hundreds have examined it with surprise, as I am now of years old and not a gray hair in my head or on my lace; and to prove this fact. I send you a feek of my hair, taken off the not week.
